Las Vegas, NV

Competitive Carriers Association (CCA) represents nearly 100 competitive wireless carriers, whose licensed areas cover more than 95 percent of the nation. Founded in 1992 by nine rural and regional wireless carriers as a carrier centric organization, CCA has grown to become the nation's leading association for competitive wireless providers serving all areas of the United States. Headquartered in Washington, DC, CCA advocates on behalf of our members' interests and works to educate policymakers on the key issues that impact our members' ability to compete, survive, and thrive.

Why CCA's 2017 Mobile Carriers Show?

CCA's 2017 Mobile Carriers Show (MCS 2017) provides the ideal meeting place for competitive carriers and wireless stakeholders to come together under one roof for networking, educational and business opportunities.

- We are North America's leading association for competitive wireless providers serving urban, rural, regional and national areas.
- CCA represents more than 85% of all the wireless services providers in the United States and several international carriers.
- Our members spend \$15 billion per year on products and services related to the wireless industry.
- The licensed service area of our members covers 95 percent of the nation, serving more than 120 million customers.
- More than 80% of our carrier membership has attended previous shows, many sending more than a dozen company personnel.
- Our trade show events bring together more carriers than any other conference and are the best venue for meeting and networking with the decision makers of carrier companies. Carrier CEOs and high-level executives walk the exhibit hall, meet with vendors and attend the numerous educational sessions.
